Select the event you want to enter.

You will receive notices similar to the one below. They represent instructions that the Ride Manager wanted to emphasize. The General instructions will only appear once. The Ride manager has the ability to add others for each page (menu tab). These page instructions will also appear at the top of each appropriate page in red.

The COMPETITOR page is the first page to appear. If you are an AERC or RATA member, enter your membership id in the correct location and click anywhere on the page. Some of your competitor information will then autofill. Click on the “FORGOT” link to lookup your AERC number if you do not remember it. If you do not supply an eMAIL address, then you will not receive a copy of this entry as a PDF, when you submit it. There may be fields on the page that do not apply, just leave them blank. If you do not supply a street address, it makes it hard for the Ride Manager to send you a refund.

If you need to make changes to your entry, just enter your AERC / RATA membership number and click anywhere on the page. If you did not supply a membership number, enter the FIRST NAME and LAST NAME you used and press the RESTART Non AERC/RATA ENTRY button.

When you are done with the COMPETITOR page, press the SAVE COMPETITOR button.

When you press SAVE ENTRY, SOLE applies the appropriate fees for entering this ride. You can check the fees that have been applied, and add any additional fees, like extra meals or camping by selecting the FEES menu item.

To add fees that are not automatically applied, select the fee from the dropdown, enter a quantity and press ADD FEE. If you need to change a fee or have entered one in error, press the appropriate REMOVE button, then re-add if needed. You will not be able to remove fees that are directly assigned to a ride entry.

There are some events that request additional (AHA/ECTRA/SEDRA) member or equine IDs. These IDs can be entered using the ADDITIONAL IDs menu selection

Once a AERC member has added an ID, it is saved and retrieved for any subsequent entries. The same applies to AERC equines.

There are events that request additional information. Items such as T-Shirt size, arrival date and who you are camping with. These requests will appear in the ADDITIONAL INFO menu selection.

The last step is to SUBMIT the entry. All the information that has been entered has been saved, it is now just a matter of committing to the entry, deciding on how much you are paying (if any) and eMAILing the saved entry to the Ride Manager / Ride Secretary. This is done on the SUBMIT ENTRY AND PAY.

At the top of this page is a recap of this entries balance.

The first option is to just create a PDF of the entry. You should use this option if you are uncertain of attending, and just want a "paper" entry to have for later use.

The next option, creates the same PDF, but sends the PDF to the Ride Manager / Ride Secretary to enter you in the event.

The next options are dependent on how the Ride Manager set up the ride. If they elected to accept credit card payments (through STRIPE.com), then there will be an option for paying with Credit Card. If they elected to accept ACH transactions (direct withdrawal from your bank) then there will be options for that. Using STRIPE, there is also the option for adding the processing fee to the amount paid. If this option has been selected, it is noted, and the additional amount is also noted.

If the Event accepts a deposit, then all the above holds true, and a duplicate set of options will be offered for just the deposit amount.

Also offered depending on the Ride Managers decisions, there might be options for paying with PayPal (Venmo through PayPal).

If you originally pay only the deposit, or you later enter an additional ride, you will only be charged the appropriate amounts.
